1.0 A Message from the Executive Director

Welcome to Sharjah Performing Arts Academy.

This year we celebrate our first graduating class of 2019. They will be ambassadors for the academy and the first professional performing and production arts graduates from SPAA to find a place in international creative industries. It is such an exciting time for those brave individuals who have fought for the right to pursue their ambition, and have worked so hard to ensure they have the skills, knowledge and work ethic to make a difference.

You can be part of this unique experience. You are at the beginning of the journey of the rest of your life.

SPAA will help transform you into the very best international performing or production artist that you can be. Industry professionals support guide and challenge your artistic journey. We have selected faculty who we know can transform your present skills, introduce and develop new ones, and improve your creative ability.

Our Academy has had the privilege of hosting some of the very best performers and creatives from around the globe. From tech rehearsals for award-winning musicians to masterclasses with professional international dance companies. The main reason for hosting professional companies at SPAA is the opportunity for industry professionals to play a meaningful part in our student learning experience and graduate journey. The performing and production arts industries are competitive ones. At SPAA we like competition, and our ambition is to make our Academy one of the best in the world, and if we are the best, then our graduates will be the best too.

SPAA informs, challenges, educates, questions, discovers and celebrates diversity; where everyone strives for excellence and the best means of storytelling by embracing different cultures, abilities and styles.

Our student body has grown exponentially over the past three years, as has our Faculty and Administration teams. Collectively we now originate from 42 countries around the world.

This global knowledge, experience and tolerance ensures our students graduate with a competitive edge in an international market.

If you have the dedication, fortitude, strength and discipline to excel at being a creative performer, production artist, and change maker, then your future starts here . . .today.

We wish you all the best on your journey. If you decide to join us, we'll be with you every step of the way.

Our Academy. Your Future.

Professor Peter Barlow FRSA
Executive Director

2.0 The History of SPAA

At Sharjah Performing Arts Academy (SPAA), we expand concepts of intelligence beyond academic ability, and most importantly, we prepare students for professional work in the performing arts. Performing arts and performing artists includes all those involved in the collaborative process of making professional performance, specifically: actors, musicians, singers, dancers, technicians, stage managers, designers, directors, choreographers, costume makers and lighting designers.

Sharjah Performing Arts Academy is a centre of excellence and the only Academy in the Middle East and North Africa (MENA) region dedicated exclusively to training and educating students for the professional performing and production arts within the cultural and creative industries. Performing and production arts include all the roles involved in the collaborative process of making professional performances. This includes, but is not limited to, stage managers, scenic designers and painters, directors, actors, musicians, singers, dancers, theatre technicians, backstage crew, choreographers, costume makers, sound and lighting designers. SPAA graduates will be strong, confident, independent individuals with practical skills enabling them to be changemakers. Developing creative, highly skilled and professionally trained individuals who are capable of collaborating and leading in any global context is at the forefront of all strategic aims of our Academy.

Our Initial Years

In January 2018, His Highness, Sheikh Dr. Sultan bin Mohammed Al Qasimi, appointed Peter Barlow as the Executive Director of SPAA. He was tasked with creating the first Performing Arts Academy in the MENA region. The Academy building was completed in April 2019 and SPAA was awarded initial accreditation as a higher education Institute in the same month.

The start-up team of faculty and administrators worked diligently to prepare the academy to receive its first cohort of students in September 2019. Three Bachelor of Arts programmes were written, *BA Musical Theatre*, *BA Acting* and *BA Production Arts*, and submitted to the Commission for Academic Accreditation for approval. All programmes were approved retrospectively in 2020.

In December 2019, SPAA performed its first public performance and presented *The Girl with Incredibly Long Hair*. September 2020 saw our second intake of students with 45 new students and the recruitment of new faculty and administrative staff, and in September 2021, 35 additional students were welcomed during the third intake.

Programming began to expand, in 2021 SPAA admitted 11 Trinity Level 6 Diploma dance students, an award in Professional Dance bestowed by Trinity College London, UK. In 2022, an additional eight students were admitted into the programme. As SPAA grows, the portfolio of courses is expanding; 2022 saw the launch of the Business and Technology Education Council (BTEC) Level 2 Certificate in Performing Arts. In 2023, there are seven students enrolled in BTEC and 57 students enrolled in the Children and Young Performers weekend programming and an additional 12 students enrolled directly through Sharjah's Victoria International School.

As of September 2022, SPAA has grown in number; we now have 150 undergraduate students of 35 different nationalities, a thriving Children's and Young Performers Academy; and, 62 full-time staff.

3.0 Vision

We will train, educate and produce graduates with a competitive edge in an international market, with all the necessary skills to develop a lasting and prosperous career within the professional Performing Arts industry.

At Sharjah Performing Arts Academy (SPAA), we will ensure His Highness Sheikh Dr. Sultan bin Mohammed Al Qasimi, Ruler of Sharjah's vision of providing students with an opportunity to study, practice and take part in developing professional performing arts in the region is fully and successfully realised.

SPAA graduates will be strong, confident, independent individuals with life skills that enable them to make a significant contribution to society. Our graduates will be enterprising, creative and skilled artists, as well as entrepreneurial, socially mobile and generous human beings. They will be world wise and capable.

4.0 Mission

At SPAA we fundamentally believe that the performing arts has the capacity to affect and benefit every single person. SPAA is an independent, non-profit, coeducational institution of higher education that promotes excellence in teaching and learning in a conservatoire.

SPAA provides a comprehensive education for the professional performing artist and for production and technical specialists. We encourage students to direct their natural gifts and abilities into developing the skills required for their chosen career. We provide students with specific and focused training and education, which includes individual coaching and mentoring by a dedicated, professionally qualified, motivated and caring staff.

We expand concepts of intelligence beyond academic ability, and most importantly we prepare students for professional work in the performing arts. Performing arts and performing artists includes all those involved in the collaborative process of making professional performance. Specifically, actors, musicians, singers, dancers, technicians, stage managers, designers, directors, choreographers, costume makers and lighting designers.

Professional performing arts are collaborative and practical; our programmes embrace this ethos. The central component of the Academy will be people coming together to create and develop performance. The performing arts embrace a diverse range of performance environments and numerous styles and ideas. Freeing the imagination and developing creative individuals who can collaborate in any global context will be the focus of all strategic aims in the Academy.

SPAA informs, challenges, educates, questions, discovers and shares diversity in a safe environment, where everyone strives for excellence and the best means of storytelling by embracing all cultures and all styles.

5.0 Values

The Academy maintains a specific set of values:

- Creativity with focus
- Freedom of thought and expression
- The active participation of the Academy community in its life and development
- Diversity of applicants, students, staff and partner organisations
- The training of highly skilled and multi-disciplined graduates through coaching and teaching by active professional performers, production team experts, technicians, designers, directors and choreographers
- Responsibility to the artistic, cultural and economic lives of communities beyond the Academy.

6.0 Institutional Licensure and Programme Accreditations

10.0 Programmes of Study

Sharjah Performing Arts Academy offers three programmes of study (BA Musical Theatre; BA Acting or BA Production Arts) each of which is preceded by a compulsory Fundamentals year. The Fundamentals year provides the basis for subsequent three years in any of three programmes: Bachelor of Arts in Acting, Bachelor of Arts in Musical Theatre and Bachelor of Arts in Production.

Programmes	Duration	Total Credit Value	Year of Validation	Reaccreditation Date
Bachelor of Arts in Musical Theatre	4 Years	120	2021	2024
Bachelor of Arts in Acting	4 Years	120	2021	2024
Bachelor of Arts in Production	4 Years	120	2021	2024

General Theatre Fundamentals Year

All students are required to complete a year of Theatre Fundamentals in place of a General Education year before continuing in any of the three programmes. Theatre Fundamentals develops a cross-disciplinary understanding of the performing arts through collaboration, acquisition of knowledge of culture, and development of practical skills.

THEATRE FUNDAMENTALS - COURSES	
Course Name	Theatre Lab
Course Code	TF101
Course Description	Through a series of classes and projects, students will explore the creative process, and use this to discover their field. Working from given themes or stimuli, students will research, write, design, create and perform regardless of their chosen undergraduate programme. At strategic points through the course students will create and share performances, which will be critiqued by their peers, and reflected upon to reinforce learning.
Course Name	Why Art Matters
Course Code	TF102
Course Description	Students will be introduced to international films, performances, texts, artworks and cultural ideas. Students are encouraged to explore how to communicate their thoughts and present them in various media. Students will visit local art galleries, museums, theatres and explore Emirati culture and history.
Course Name	Applied English
Course Code	TF103
Course Description	A focus on vocabulary and writing skills is an ongoing part of the course. Moreover, particular attention is given to developing critical reading. Students will gain competency and confidence in English in both their verbal and written communication skills.
Course Name	Acting within World Theatre
Course Code	TF104
Course Description	Students will be exposed to a variety of theatrical practices and texts from around the globe. The student will explore various influential genres, styles and traditions of theatre (past and present) in theory and in practice. The student will practically understand and engage with specific dramatic texts, performance styles and original performance conditions, where applicable. This will be underpinned by an acting technique of various practitioners relatable to the period/genre explored.
Course Name	Production Arts
Course Code	TF105
Course Description	Production Arts in Theatre Fundamentals embraces all aspects of the production process in order to introduce students to the scope and possibility that design and technical elements can bring to theatre and live events. This is an opportunity to explore the basic concepts of production work, its value and its collaborative nature.
Course Name	Musical Theatre
Course Code	TF106
Course Description	To provide students with the skill-based practical tool to develop and use their bodies/voice safely and efficiently in a theatrical context, focusing on the application of these integrational skills which are required in the musical theatre genre. Developing skills within an optimum vocal function, vocal/physical stamina and mobility within body and voice. Students will also develop practical skills within singing as a group and apply unit integration within the movement and vocal pedagogy (singing and dancing together).

Bachelor of Arts in Acting

The BA Acting Programme is dedicated to producing credible, professional actors who are at the forefront of the region's theatre revolution. The four-year, full-time Acting Degree includes training in directing, writing, dramaturgy and producing. The programme offers students the opportunity to explore and rediscover the world of performing arts through interdisciplinary approaches to contemporary teaching and learning.

Bachelor of Arts in Production Arts

The BA Production Arts programme at SPAA is training tomorrow's theatre and event professionals. Theatre and events are always pushing at the boundaries of what's possible and at SPAA we aim to give you the tools to be at the cutting edge of the industry, technologically and creatively.

Bachelor of Arts in Production Arts - Program Structure

In Production Arts there are three pathways that can be followed: Technical Skills; Stage Management or Design Realisation. At the end of Year-2 (term 2) students select two course options from PA208, PA209 and PA210 to establish their principal and secondary pathway. In Year-3, both the principal and secondary pathways are continued and two course options are chosen from PA302, PA303, PA210. These pathways provide students an opportunity to build cross-platform skills between two areas of specialisation.

3. Withdrawal application submitted more than two weeks after the end of the add/drop period, and a student is not entitled to claim a refund of any part of the tuition fees.

4. The Academy reserves the right to withhold any refunds from students who are asked to leave the Academy due to misconduct or programme failure, and a student is not entitled to any refund of tuition fees.
5. The above procedures also applies to students who are on scholarship, except in this case, students have to refund the amount to the Academy, including air flights and accommodation.

Scholarships and Discounts

1. The Academy provides 50 annual scholarship awards endowed by His Highness Dr. Sultan Al Qassimi to new students from the MENA region. The scholarship covers full tuition fees, accommodation, food, end-of-year flight allowance, and monthly allowance. They are applied during the semester in which the scholarship is awarded and cannot be deferred to another semester without prior approval from the Academy board. To receive the scholarship, students must be registered during the semester the scholarship is awarded.
2. The Academy grants scholarships to new international students. The value and specific requirements related to of individual scholarship may vary at the discretion of the Executive Director.

22.0 Student Services

SPAA offers a range of student services that are tailored to meet the needs of our student performing and production artists. As they begin their studies, students have access to advising services to ensure they receive the most out of their experiences at SPAA. The Student Services Manager works to ensure students fully understand SPAA administrative processes and requirements and to assist with any questions or issues.

Student Services hours of availability: 8:00 AM – 4:00 PM when classes in session.

Phone: +971 650 29999

Email: studentservices@spaa.ae

For more detailed information on student services, please see the Student Handbook or email SPAA at admissions@spaa.ae

Personal Student Support

Students are often subject to outside pressures which may affect their work. Appointments can be made to see their tutor or Programme Leader at any time. Students with more complex problems may be referred for additional support or to counselling services and health and wellbeing services.

Learning Needs and People of Determination

SPAA is committed to supporting students, staff and visitors with physical and learning disabilities, whether it be at auditions, workshops, summer academies or participation in any programmes offered.

The Academy building is wheelchair accessible, made possible with ramps, elevators and flat thresholds into all the academy studios and spaces. All staff, including security, support the needs of those that require additional support in accessing and using the Academy. All

students, staff and faculty are encouraged to support and cooperate with visitors to ensure safety and access.

Applicants for programmes, short courses and Children & Young Performers classes are encouraged to disclose physical and learning disabilities and mental health issues at the earliest opportunity so appropriate support can be arranged. If you have a disability, health condition or specific learning difficulties, you may require certain facilities, assistive technology, or support services to get the most from your training and education at SPAA.

The Academy is committed to making reasonable adjustments to facilitate learning. What is considered a 'reasonable adjustment' depends on individual circumstances. Reasonable adjustments will still be required where full inclusivity is not possible.

The Academy's focus is on removing disabling barriers. Discriminatory attitudes are also one of the barriers faced by people with disabilities and/or learning difficulties who access education opportunities. The Academy does not tolerate negative attitudes towards people of determination.

The Academy has inclusive teaching and learning strategies to ensure programme design, delivery, and assessment are accessible to students with disabilities and/or additional learning needs.

Academic Advising

Being a performing or production arts student can be mentally and physically challenging. At times, SPAA students may need targeted support to prevent performance-related issues from affecting their studies. Academic advising is provided at SPAA to help students in their journey to becoming world-class performing artists. All SPAA students have access to academic guidance and are assigned a personal tutor.

Staff Support of Students

- Support all students to ensure they receive equal treatment and are aware of their responsibilities and rights.
- Support student participation in quality enhancement activities.
- Provide students with advice on welfare problems.
- Represent the interests of students at local and international levels.
- Support active student/community engagement, especially as regards combatting antisocial behaviour.
- Allow students to cast their views on all Academy issues.
- Utilise opportunities to better serve the student's interests.
- Support students in their views and concerns.
- Look after students' common interests.
- Initiate programmes and projects that promote leadership and teamwork.
- Keep the community up-to-date on events that affect it most.
- Solve students' problems effectively.

23.0 Grading and Assessment

Two types of assessment are used at Sharjah Performing Arts Academy: Formative and Summative (see below). In Level 5, all assessments are formative. In Levels 6 and 7, there is a mixture of formative and summative assessments, which determine a student's Final Degree Classification.

Formative Assessment – Level 5

Formative assessment at Level 5 (Years 1-2) allows students to develop their imagination, improve their creativity and take risks without grade consequences. The majority of the time, students will work in groups where collaboration is essential, and students must learn to self-assess without making comparisons to other students. We establish ways of working in Level 5 before introducing summative assessments at Levels 6 and 7. During Level 5, all students have assessment tests as well as continuous classroom assessments where they receive regular detailed oral and written feedback.

Summative Assessment – Levels 6 and 7

In Year-3 and Year-4 (Levels 6 and 7), summative assessment is used and students are tested in class coursework and in performance. In Level 6, 40% of the summative grades count towards the Final Grade Classification, where in Level 7, 60% of the summative grades count towards the Final Grade Classification. Summative assessments evaluate student performance and progress against international benchmark standards. Formative assessment is also used in Levels 6 and 7 to gauge student learning and provide ongoing feedback to improve teaching and learning. Creative thinking is developed by positive and continuous feedback, which is best served by formative assessment.

Final Degree Classifications

First-Class 1 (80% +1)

Upper Second-Class 2.1 (65% - 79%)

Lower Second-Class 2.2 (50% - 64%)

Third-Class 3 (40% - 49%)

Fail (0-39%)

Examinations

Due to the conservatoire context at SPAA, examinations are not used as a method to assess and evaluate student performance. Students are assessed in practical assignments such as productions and recorded media and portfolios of work submitted to support relevant practice. Students are also assessed on presentations, reflective essays and academic research. Assessment processes and criteria are clearly defined in each programme course handbook.

Completion Requirements

To be eligible for graduation, the following requirements must be met:

- Satisfactory completion of course requirements within each programme (students become degree candidates when the Exam Board Chair certifies completion of graduation requirements and a recommendation to confer the degree is made to faculty),
- Students must discharge all existing financial obligations held with the Academy within the time frame specified by Student Services or graduation certificates and final transcripts will be withheld,
- The manager of Student Services prepares a degree audit and prepares the degree/certificates for signature that will be issued to the graduate.

- The list of graduates is presented to the Board of Trustees for confirmation one week before the graduation ceremony.

Graduation Certificates

Graduates receive a digitally secured Graduation Certificate published in English that states: award title, final grade classification and completion date.

24.0 Graduation Eligibility

To earn a degree at SPAA, students must meet the following criteria to be eligible for graduation:

- Achieve a minimum of 40% in every course, which students are expected to maintain throughout the programme.
- Complete all courses required in the programme of study,
- Meet other requirements specific to the programme.

25.0 Attendance

Attendance is an attribute of professionalism and taken into considered in grading and overall progress towards programme completion. Students are expected to attend all courses and students must complete each course(s) within their programme of study.

- a. Attendance is recorded from the first class of the day.
- b. Students are expected to be punctual, remain for the duration of each class and be prepared and fully equipped for the activities during classes.

End-of-term processes

Due to a unique curriculum at SPAA, some courses run the entire academic year, and others courses last for only a set period of weeks to meet CAA credit hour stipulation. The Academic Board convenes in December to assess undergraduate completion progress.

26.0 Student Code of Conduct

Members of the SPAA community are expected to conform to SPAA's Code of Conduct and comply with UAE laws and regulations. All students will abide by the Student Code of Conduct and ensure that their actions do not bring disrepute to the Academy or jeopardise its mission and values. SPAA has a set of well-defined policies and procedures to ensure high standards continue. Disciplinary actions may be taken against students who breach these rules. Rules include, but are not limited to:

- Dress appropriately to conform with the cultural and religious values of the community and the UAE.
- Refrain from public displays of affection (hugging, kissing, holding hands, etc.) with student colleagues, teachers and staff.
- As per UAE anti-tobacco federal law. "Smoking is prohibited in all SPAA facilities and buildings".

27.0 General Misconduct

Misconduct will lead to disciplinary action, which could result in the dismissal of a student from SPAA. SPAA may choose to investigate and initiate action against students for misconduct whether it occurs on the premises of SPAA or elsewhere, including online and on social media.

28.0 Academic Misconduct & Offences

The Academy strives to create a learning environment that is honest and ethical. It is also understood that SPAA operates in a complex global environment where principles of academic honesty are challenged by widespread technology use and that there is an institutional responsibility to educate students to avoid breaches of the **Student Academic Integrity Policy**. Although students come from a variety of academic backgrounds and their understanding of academic honesty and ethical principles may vary, there is an expectation that the principles of academic integrity will always be followed.

Academic misconduct & offensives as defined by SPAA:

1. Plagiarism
2. Use of the third party to produce work
3. Submitting work for assessment that has been previously assessed.
4. Impersonating another student.

Plagiarism is defined as presenting the work or ideas by others without recognising and providing credit to the source. Repeating work one has previously submitted – at a current or previous institution - without properly referencing yourself is also considered ‘self-plagiarism’ and constitutes plagiarism.

Impersonating another student’s identity in an examination, class attendance, programme work submission, or presentation will result in disciplinary procedures.

SPAA encourages collaborative learning through class discussion, group presentation and research. However, students should distinguish between shared learning and collaboration in working on assignments, projects, exams or coursework that should be completed individually. The faculty will guide students through the process of collaboration. Tutors have the authority to recommend disciplinary action against any inappropriately shared work.

- Students are required to refrain from all forms of academic dishonesty as defined and explained in SPAA procedures and directions from SPAA personnel.
- SPAA campus personnel - tutors and Programme Leaders - are responsible for ensuring that students understand their responsibilities associated with academic honesty and the disciplinary measures, which will be imposed for failing to meet these responsibilities. Tutors and Programme Leaders are also responsible for carrying out the appropriate investigative and disciplinary procedures.
- A student found guilty of having committed acts of academic misconduct may be subject to one or more of the disciplinary measures as outlined in the **Student Code of Conduct**.
- The Executive Director will periodically review and amend the relevant procedures for the implementation of this policy.
- A student has the right to appeal the final decision made by senior management.

- All records of sanction shall be maintained in the student's file at the Student Affairs Office.
- SPAA may provide a record of sanction upon request from the student's sponsor.

29.0 Appeals

The Appeal Regulations provide a single process for students launching appeals in the following cases:

- Decisions of examination boards,
- Regulations for Assessment Offences,
- Decisions to terminate the registration of a student,
- Student code of conduct,
- Decisions on student bursaries and scholarships.

Chairs and Deputy Chairs of Appeal Panels shall be appointed by the Executive Director. Deputy Appeal Chairs shall have the authority to act on behalf of the Chair where appropriate.

Appeals of Assessment

Appeals against internal assessment marks should be made in writing to the appropriate Programme Leader for the subject in question or to the Executive Director. As much information as possible should be included regarding assessment criteria and the assessment process.

The Programme Leader or the Executive Director will consult any other members of the Faculty involved in the assessment, any video or written record of the assessment and any available marking history. The Academy will record and acknowledge the appeal and respond to the appellant within seven working days.

Student Complaints

Both complaints and suggestions are taken seriously at SPAA. Complaints can be made to the Student Services Department in writing. Anonymous complaints will not be considered. The Academy aims to acknowledge, respond and resolve complaints within 7 working days.

General complaints against SPAA and complaints against faculty members or members of the support staff should be addressed in writing to the Executive Director. Full details must be supplied, including the date and time of any particular class or incident. The final decision in an appeal against a member of the faculty rests with the Academy Executive Director.

Similarly, suggestions are always welcomed by students and can be made in writing to the Student Services Department. The Student Services Department shall consider any suggestion and provide feedback within seven working days.

30.0 Definition of Credit Hours

The Academy designs and develops its undergraduate degree programmes by ensuring that credit hours for each skill and discipline are appropriate for conservatoire training and education. Students

earn an undergraduate degree once all degree requirements are met. SPAA defines credit hours equivalency as follows: 1 credit is equivalent to 15 contact hours.

Over the four-year programme, students achieve 120 credits and a total of 1800 tutor-led hours.

33.0 Community Relationships and Cooperation

Sharjah Performing Arts Academy is committed to the community. Our staff are actively engaged in ensuring the Academy has a voice and positive impact on local, national and international society.

We are committed to active, constructive and mutually beneficial engagement with local communities. We do this through opening our facilities to present regular performances to the community and provide opportunities for members in the community to take part in acting, singing and dance as well as providing access to performances held at the Academy. Additionally, we are open to an exchange of knowledge and skills with the community, as well as to engaging in local issues and community agendas.

The following lists of stakeholders illustrate several of the ongoing relationship SPAA maintains in educational, cultural and community organisations in the UAE and beyond. In many sectors, these relationships have been formalised in memoranda of understanding (MOU) which act to formalise our shared objectives with these institutions to advance the performing arts and arts education.

The University of Jordan - the aim of this MOU is to:

1. Exchange of faculty and researchers for purposes of teaching, conducting lectures, conducting research, and exchange of expertise.
2. Student Exchanges are subject to terms to be outlined by agreement.
3. Conducting collaborative research, productions and practical projects.
4. Joint organisation of symposia, seminars, and conferences.
5. Sharing best practices in teaching and learning.

The National Centre for Culture & Arts - the aim of this MOU is to:

1. Exchange of professional artists and teachers for the purpose of teaching, sharing best practices, conducting research and exchange of expertise.
2. Student Exchanges are subject to terms to be outlined by agreement.
3. Joint organisation of residences, touring productions and conferences.
4. Exchange of best practices in teaching and learning.
5. Joint production of theatrical events in Sharjah and Jordan.

The Arabic Language Academy Sharjah - the aim of this MOU is to:

1. Promote Arabic language learning.
2. Exchange best practices and expertise in the areas of teaching, learning and research.
3. Exchange of students is subject to separate agreements for each exchange.

The Manara University – Faculty of Arts- Acting Department - the aim of this MOU is to:

1. Exchange of professional artists and teachers for the purpose of teaching, sharing best practices, conducting research and exchange of expertise.
2. Student Exchanges are subject to terms to be outlined by agreement.
3. Joint organisation of residences, touring productions and conferences.
4. Exchange of best practices in teaching and learning
5. Joint production of theatrical events in Sharjah and Syria.

34.0 Glossary of Terms

Academy

In higher education, the term academy is used for a post-secondary educational institution devoted to a single field of study, such as an academy of arts or Performing and Production Arts. The term also may refer to an establishment offering education at the secondary or high school level.

Assessment

The processes used to evaluate achievement of the expected learning outcomes (knowledge, skills and competencies), leading to certification of qualification or part of a qualification.

Course

A course consists of a number of instructional activities over a prescribed period of time. It deals with a single subject and is commonly described by title, number, credits, and expected learning outcomes in the institution's Catalogue.

Curriculum

The term refers both to the range of courses offered by an institution and to a set of related courses constituting an area of specialisation, such as Production Arts.

Formative

Formative assessment summarises the students' development at a particular time. The Tutor will conduct in-process evaluations of student comprehension and ability.

Summative

Summative assessment refers to the assessment of students where the focus is on the outcome of a particular task.

Programme

A programme of study of a certain discipline, which leads to an award e.g. BA, which consists of modules.

Unit

Components that make up a Course, usually within a certain skill set.

Credit

The value that is assigned to a Course. This determines contact hours. Credits contribute to a designated amount that makes up the Level and Award.

Credit Hour

A credit, or credit hour, is a unit of measurement defining the student's overall effort towards attaining a qualification (CAA 2019 Standards). One academic credit equates to a 15-hour commitment to learning inside the classroom.

Level

The study level of a programme. Can be assigned to an academic year of study but confined to. Also directs learning to the exit point of an Associate Degree or Higher Diploma.

Year

An academic year of study within a programme.

Tutor Led

The learning hours are directly taught by Tutors with new content and material introduced.

Guided Practice

The learning hours within a timetable of study during which a tutor is present and observing practice but not introducing new ideas or theories.

Self-Led Practice

Self-Led Practice describes a student's taking their own initiative, with or without the help of others, in furthering their learning, completing their coursework and formulating learning goals.

Exam Board

The Exam Board is the mechanism by which the Academy makes decisions regarding progression and awards; in particular, it enables the required involvement of External Examiners in those decisions.

Programme Board

Programme Board offer a forum at which Student Representatives can air views concerning their Programme of study at the Academy. Formal Minutes are taken and reported from within the scope of the Programme Leader's Report (PLR). Actions from one meeting to the next are monitored and a summary of points raised and the actions taken to form part of the annual monitoring process. Chaired by the Executive Director, they happen once termly (mid-term) with student representation.

Academic Board

The Academic Board reviews and monitors the performance of all academic areas of the Academy to assist with Quality Assurance and ensure continual improvement of those operational processes.

Associate Degree

An associate degree requires a minimum of two years of full-time study, with a minimum of 60 credits.

Higher Diploma

A higher diploma indicates a course of study of three years in a specialised field. Higher diploma programmes will include a minimum of 90 credits.

Bachelor of Arts (BA)

A Bachelor of Arts indicates a course of study for 4 years, gaining a minimum of 120 credits.

Learning Outcomes

In the context of QF Emirates, this refers to knowledge, skills, and aspects of competence that a learner is expected to know and be able to do at each level of qualification (see <https://www.nqa.gov.ae/en>).

Term

A term is typically held for a minimum period of 9 weeks and a maximum period of 12 weeks, during the academic year at SPAA.

Transcript

A record detailing, for a given qualification, formally recognised 'parcels' of learning outcomes achieved against the set requirements.
